## ACADEMY OF CLEVELAND BALLET OFFERS SUMMER CAMPS & PERFORMANCE OPPORTUNITIES

The Academy of Cleveland Ballet offers a range of classes taught by its professional dancers in a positive and affirming environment and is extending its programming to summer camps throughout the summer. As the only training program affiliated with Cleveland Ballet, students will have the unique experience of participating in the upcoming *Sleeping Beauty* performance at Playhouse Square.

Summer camps are designed to both strengthen and elevate students' technique, while also providing families flexibility in their scheduling. Each of the three age and ability groups run for three weeks, with the option to opt into how many - and which - weeks their children will take part in. All classes are run by Academy staff, who will expose students to a multitude of styles and personalized corrections. For the younger levels, students will have a fun-filled day taking dance classes, enjoying dance-inspired arts and crafts, and other ballet related activities. It will be a wonderful experience for all ages and an opportunity create memories that will last a lifetime.
